SEPTEMBER 1996

NEXT MEETING

Sunday September 15, 1996. 3 o'clock at Washington County Library. Our speaker will be Debra Blake, of North Carolina Archives and History. Ms. Blake is Coordinator of the State Cemetery Survey, and will explain its importance and procedures. Illustrative slides will be shown.

We had a former Coordinator to visit us six or seven years ago, and we, you recall, made a commitment to the Survey. Much good work was done, especially by Veronica Hasket, but somehow the project became short-circuited. At this meeting, lets all be prepared to comment, ask questions, and have a good discussion with Ms. Blake. By the October meeting, perhaps we will be prepared to decide if we should renew our commitment to the project.

FETTIGREW PAPERS

Joe A. Mobley, Administrator, Historical Publications Section, Archives and History , responds to our petition for publication of the PAPERS thus: "The former editor ..... has retired.....,but we have enlisted another historian as editor. We will endeavor to complete as quickly as possible this and a number of other worthwhile projects....."

It will probably be well for us, individually and collectively, to help Mr. Mobley keep this project fresh-in-mind. He gets his mail at 109 East Jones Street, Raleigh 27601-2807.

NEW MEMBER:

We welcom Barbara M. Ghigo, 1505 Barbee Road, Shelby, NC 28105. Mrs. Ghigo is seeking information on Emsley Ange, Samuel Warren Bateman, James Iredell and Bailey Ambrose, and Alexander and Mary Frances Phelps. If you can help, give your info to Virginia on the 15th, or contact Barbara at the above address....or (704)482-2813.

### DIRECTORS MEET

Our Board of Directors met on August 26. Chairman Vernon Everett will give a report at our September 15th meeting.

### "OFFICIAL RECORDS"

Be prepared to vote, Sunday, on the proposal that WCGS sponsor a community effort to buy the 128 volume OFFICIAL RECORDS OF THE UNION AND CONFEDERATE ARMIES IN THE WAR OF THE REBELLION. If our membership votes "Yea", we will decide the Society's monetary commitment.

In the opinion of your editor, this is a very worthy project. It is an excellent means of honoring an ancestor.....or an esteemed person yet alive. For individual donors, a bookplate would be affixed in his/her donated volume. The plate would state the person so honored, and the name of the giver.

### VISIT TO JOYNER LIBRARY

I met with Maurice York, North Carolina Librarian, at East Carolina University's new library on August 30. Mr. York was most hospitable, and seems sincerely interested in working with us. He will be pleased to conduct us on a tour of the new facility in the near future. Also, he will be available to speak to us at one of our regular meetings.

### NOMINATING COMMITTEE

We will select a Committee, Sunday, to recommend a slate of officers for the annual election in October.

### Halifax County Library

A forestry job recently turned into a genealogical research project, and took me to the Halifax Library. It's a delight. Even if you think you have no need to go there, DO go. You won't regret it....and you will find something, I bet.

### ROSTER

We expect to mail the new, alphabetized roster within the month. It was ready to go, thanks to Phyllis Davenport, until a rash of address changes (mostly zip code) were reported.

"A TRUE COPY"

That your Washington County ancestor's will was probated before the devastating courthouse fires of the 1860's and 1870's doesn't always mean that you will find nothing in the Record of Wills. In rare instances a "true copy" was filed after the destruction of the original. This is true of the will of Dempsey Spruill, probated in 1842.

WCCGS member Marie Long , Strasburg, VA, recently sought proof of the father/son relationship of Eli and Dempsey Woodley of Cool Springs District. Fortunately, a "true copy" of Spruill's will had been made in 1852, and filed with the Clerk in the late 1800's in place of the original. This will gave Marie reasonable proof that Dempsey Woodley was son of Eli Woodley, and grandson of Dempsey Spruill. Marie's interest in Dempsey Woodley had been whetted by our recent Journal articles on Woodley.

Following, we print my rough transcription of the last portions of the Spruill will. Item 17 is the segment that was helpful to Marie. The will is also interesting because of the signatures. You will see that Spruill used "his mark" in signing the codicil. We can be pretty sure that he was deathly ill at the time, and unable to write his normal signature. He died three days after the writing of the codicil. Hardy Hardison, one of the witnesses thereto, was Dempsey Spruill's doctor....and friend.

Sometime, when contribution of articles are at a low ebb(not the we expect that sad happening), the Spruill will may find its way into the Journal. With comments on the many persons and properties named, it will make a lengthy "article".

DECEMBER JOURNAL

Please be working on you articles for our next issue. Give us something related to the Revolutionary War if you can, but "regular" articles are as urgently needed. December will not be on the Revolution only.
